Ghisolfa

Design by Raffaella Mangiarotti

EN Ghisolfa is a seating range created for individual moments or private sharing. The high back armchair or the sofa when coupled at the front emphasize even more the privacy effect and a real protected area. The thickness of the quilted padding and the fabric cover foster a feeling of sound isolation so Ghisolfa are ideal for informal meetings and conversations in total comfort. A low version more suitable for group meetings or conversation areas is also available.

IT Ghisolfa è una famiglia di sedute creata per momenti individuali o per una condivisione privata. Nella configurazione poltrona o divano alti contrapposti, l'effetto privacy viene ancor più enfatizzato creando una vera e propria area protetta. Rivestita in tessuto, grazie allo spessore dell'imbottito trapuntato, crea un senso di isolamento sonoro: è quindi ideale per meeting e conversazioni informali in totale comfort. È disponibile anche in versione bassa più adatta per meeting di gruppo o aree di dialogo.
